Great starter book if your new to the open source world. Date 09 Jul

In this chapter, we help you get started with GNOME and show how you can use it to  
Aside from the strong technical platform and impressive commitment to quality, Ubuntu also enjoys success because of its sprawling community of enthusiastic users who have helped to support, document, and test every millimeter of the Ubuntu landscape. General use is covered separately from troubleshooting and The Official Ubuntu Book, making the book well suited both for the beginner as well as the user that needs extended help.
