Gameplay: rolling, slidingspecial skills and slow motion will be supported for a way of a new playing style and these funny functions will enable you to kill enemies, as you will be able to be constantly avoiding enemy's bullets; moreover, all of these actions will be shown through third person viewing; not only you can fight enemies but also sometimes you can infiltrate enemies camp; but the number of the weapons which can be used for this strategy is only two e. Your weapons have been upgraded to a deadly arsenal, completely throwing the vanilla Doom's "progressive weapon system" through the window.
