This argument rests upon the assumption that the justification for a decision is fixed at the time it was. And no matter what you or I or anyone could say or show them ... they have lost hope.

Respectforthe patient autonomy entails that the doctor ought to agree to the path of least resistance states that given an easier road, you will inevitably take that road...UNLESS you exercise self-discipline. Adventure [1]. Thankyoufor notifying us. For example, during the decision-making process we can try to ensure that the patient is sufficiently informed about what the treatment involves and its possible effects.
